

Outline

A dining chair designed by Antti Kotilainen based on a Scandinavian design philosophy—only leave the necessary parts. AATOS stands for "an noble thought" in Finnish. This is a well balanced chair that is light and robust. Available in wooden or upholstered backrest, good for both public and home use, and stackable.

Grain

- Random match
- Wood planks or veneer sheets are joined at random, of which expressive surface patterns require craftspeople for high skills and an eye for beauty.
- Book match
- Two pieces of wood planks or veneer sheets with similar surface patterns are arranged side by side to look like a book opened, which makes surface patterns look more dynamic by grains running symmetrically.
