Outline

Challenge dining collection was designed by three German designers: Maly, Hoffman, and Kahleyss. The chair embodies a sense of slenderness and sharpness. Being opposite to them, the soft-cushion type has been added to allow customers to have more options to mix with other CondeHouse table collections.

Grain

Random match

Wood planks or veneer sheets are joined at random, of which expressive surface patterns require craftspeople for high skills and an eye for beauty.

Book match

Two pieces of wood planks or veneer sheets with similar surface patterns are arranged side by side to look like a book opened, which makes surface patterns look more dynamic by grains running symmetrically.
