

Outline

It's based on the design winning a prize in the International Furniture Design Competition in Asahikawa (IFDA) in 2021. What was highly evaluated as a future potential design is its concept: a personal comfortable place realized by the high surrounding backrest and wide seat. People can sit in a comfortable position without a concern for others. This chair makes it possible to make a personal space even in an office or café. A side table is added in the collection.

Grain

- Random match
- Wood planks or veneer sheets are joined at random, of which expressive surface patterns require craftspeople for high skills and an eye for beauty.
- Book match
- Two pieces of wood planks or veneer sheets with similar surface patterns are arranged side by side to look like a book opened, which makes surface patterns look more dynamic by grains running symmetrically.

Size description for chairs and tables

Diagram showing chair dimensions: w (width), d (depth), h (height), sh (seat height), ah (arm height).

Diagram showing table dimensions: w (width), wbl (width between legs), d (depth), h (height), h1 (height from floor to bottom of top board), h2 (height from floor to cross pieces of top board), t (thickness), dia (diameter).
