

Outline

A stackable work of art designed by a Finnish designer, Mikko Halonen. KIILA is a chair designed to maximize the relaxation of all who sit in it. A gently-sloping line can be seen from the armrests all the way to the backrest. The chair was a finalist in the International Furniture Design Competition in Asahikawa in 2011. A choice of a wooden or upholstered seat is available. It is made of the finest Japanese ash.

Grain

Random match

Wood planks or veneer sheets are joined at random, of which expressive surface patterns require craftspeople for high skills and an eye for beauty.

Book match

Two pieces of wood planks or veneer sheets with similar surface patterns are arranged side by side to look like a book opened, which makes surface patterns look more dynamic by grains running symmetrically.
