Grain

Random match

Wood planks or veneer sheets are joined at random, of which expressive surface patterns require craftspeople for high skills and an eye for beauty.

Book match

Two pieces of wood planks or veneer sheets with similar surface patterns are arranged side by side to look like a book opened, which makes surface patterns look more dynamic by grains running symmetrically.

The Nupri living collection is designed to provide a comfortable living space in the contemporary high-tech lifestyle. The side tables of the reclining chair are useful for placing smartphones and other personal belongings. The Nupri easy chair's cushion portion and wooden frame make it suitable for providing your body with a comfortable place to sit. The surface of the side table is carved to rise at the edge to prevent things from falling off. All items are available in Japanese oak.
