

Outline

Nupri means “Mountains” in the Ainu language. The structure and material of the dining chair is designed to support the body comfortably. The wooden frame made of Japanese oak has an integrated form from the backrest to the armrest and legs, as if it is a part of the body.

Outline

Named after the Ainu word for "mountain," the "NUPRI" lounge chair embodies the connection between Hokkaido's natural landscapes and people. Designed by Toshiyuki Kita, it features a sturdy seat and firm, enveloping backrest. The seamless flow of solid wood from the backrest to the arms and legs evokes the gentle ridges of a mountain range, delivering both comfort and aesthetic beauty.

Grain

- Random match
- Wood planks or veneer sheets are joined at random, of which expressive surface patterns require craftspeople for high skills and an eye for beauty.
- Book match
- Two pieces of wood planks or veneer sheets with similar surface patterns are arranged side by side to look like a book opened, which makes surface patterns look more dynamic by grains running symmetrically.

Size description for chairs and tables

Chair dimensions: w (width), d (depth), h (height), sh (seat height), ah (arm height).

Table dimensions: w (width), d (depth), h (height), wbl (width between legs), h1 (height from floor to bottom of top board), h2 (height from floor to cross pieces of top board), t (thickness), dia (diameter).
