Grain

Random match

Wood planks or veneer sheets are joined at random, of which expressive surface patterns require craftspeople for high skills and an eye for beauty.

Book match

Two pieces of wood planks or veneer sheets with similar surface patterns are arranged side by side to look like a book opened, which makes surface patterns look more dynamic by grains running symmetrically.

RS SOFA

20

RS sofa is rather wide and low compared to other sofa collections. The back of the sofa is supported by a wooden vertical lattice frame that gives people an image of stability. The corner sofa is finely angled so that people sitting next to each other can talk more closely. The headrest provides neck and head support, detachable when not needed.
