QR code

The QR code at the top right of each page enables you to access our web page where you can see more images of our products.

Grain

- Random match
- Wood planks or veneer sheets are joined at random, of which expressive surface patterns require craftspeople for high skills and an eye for beauty.
- Book match
- Two pieces of wood planks or veneer sheets with similar surface patterns are arranged side by side to look like a book opened, which makes surface patterns look more dynamic by grains running symmetrically.
