Grain

Random match

Wood planks or veneer sheets are joined at random, of which expressive surface patterns require craftspeople for high skills and an eye for beauty.

Book match

Two pieces of wood planks or veneer sheets with similar surface patterns are arranged side by side to look like a book opened, which makes surface patterns look more dynamic by grains running symmetrically.

● 20 25 30 35 40 45 50 The figures in the boxes represent sales periods more than 20 years.

● The seat fabric and leather price is classified in seven grades.

● Delivery and installation are separately charged.

* Please contact for more details.

“I want to design a chair that looks balanced, and gives people a ‘sharp and soft’ image at the same time,” said German furniture designer, Michael Schneider. If you look closely at the chair, you will notice a smooth line that is formed from the beginning of the armrest to the end of the backrest. This is a chair that has a style that suits all kinds of situations, whether it is for home residence or for public facilities. The backrest of the dining chair is available in three colors; the table comes in two types, a regular solid wood type and extension type extendable by 700 mm.

Wood coating

Japanese Sen NF / WNF / MBR / DBR / GY / DGY / BL
 Japanese Elm NF / WNF / MBR / DBR / GY / DGY / BL
