

Outline

“I want to design a chair that looks balanced, and gives people a ‘sharp and soft’ image at the same time,” said German furniture designer, Michael Schneider. If you look closely at the chair, you will notice a smooth line that is formed from the beginning of the armrest to the end of the backrest. This is a chair that has a style that suits all kinds of situations, whether it is for home residence or for public facilities. The backrest of the dining chair is available in three colors; the table comes in two types, a regular solid wood type and extension type extendable by 700 mm.

Grain

- Random match
- Wood planks or veneer sheets are joined at random, of which expressive surface patterns require craftspeople for high skills and an eye for beauty.
- Book match
- Two pieces of wood planks or veneer sheets with similar surface patterns are arranged side by side to look like a book opened, which makes surface patterns look more dynamic by grains running symmetrically.

Size description for chairs and tables

Diagram showing chair dimensions: w (width), d (depth), h (height), ah (arm height), sh (seat height).

Diagram showing table dimensions: w (width), wbl (width between legs), d (depth), h (height), h1 (height from floor to bottom of top board), h2 (height from floor to cross pieces of top board), t (thickness), dia (diameter).

w width
