

Kiyoshi Sadogawa / Japan

Outline

Based on the naturally beautiful design composed of rich but slender lines designed by Kiyoshi Sadogawa, we developed this premium collection. The motif shape is triangle expressing the dynamism and flexibility of nature. Hand work at fine details realizes the excellent quality of this collection.

● Armchair

This is the iconic item of Wing collection. The design motif of this chair is a bird spreading its wings out, from which the name of the collection “Wing” comes. Our forming technique realizes the massive backrest with the minimum amount of wood. The edges of respective parts are sharp in contrast to the flowing silhouette. A Covering seat seat is adopted so that customers can replace seat upholstery easily.

● Side Chair

In order to make it easy to rise from / come back to the table, this semi-arm chair was developed. The semi-arms were designed to keep a balance with the massive backrest, and are sturdy enough to bear the weight without supports reaching to the legs like armchairs.

● Table

A four-legged table with a spacious footprint and a light, neat appearance, with a thick 40 mm tabletop and delicate cutwork on the sides, triangular legs with the same motif as the chairs, and smooth joints between the tabletop and legs, all of which show careful handwork.

● Bench

The both edges of the backrest are folded inward like bird's wings to embrace people seated there. For more practicality, one without the backrest is also available, which can be used not only as a part of a dining set but also in various situations. Our struggle for the effective use of leather results in beautiful stitching on the surface of the seat. A Covering seat seat is adopted so that customers can replace seat upholstery easily.

● T-Leg Table / T-Leg Solid Table

The T-leg table offers ample legroom and ease of movement due to its design, which eliminates legs at the four corners. The legs feature a form with a gentle bulge and sleek edges, creating a sense of tension and elegance. The stretcher connecting the two legs shares the same design, concealing hardware for a seamless appearance.

The tabletop is available in two options:

- A 40mm thick veneer finish, showcasing a robust presence and beautiful wood grain.
- A sleeker 27mm solid wood version that highlights the natural character and texture of the wood itself.

Wood coating	Fabric and leather	Make-it-lower

Uzukuri Finish	*The T-leg solid table offers an optional "Uzukuri" finish for the tabletop. This traditional Japanese woodworking technique enhances the grain of solid wood, resulting in a rich, bold texture. Description for the Item List

Wood coating

Wood and wood coating available to each model

Fabric and leather

Check the applicability of fabric and leather to each model.

Make-it-lower

Items that can be lowered by cutting legs

Covering seat

Items with a Covering seat seat

Leather stitching

Items with leather stitching when upholstered with leather

QR code

The QR code at the top right of each page enables you to access our web page where you can see more images of our products.

Grain

Random match

Wood planks or veneer sheets are joined at random, of which expressive surface patterns require craftspeople for high skills and an eye for beauty.

Book match

Two pieces of wood planks or veneer sheets with similar surface patterns are arranged side by side to look like a book opened, which makes surface patterns look more dynamic by grains running symmetrically.
