## Grain

### Random match

Wood planks or veneer sheets are joined at random, of which expressive surface patterns require craftspeople for high skills and an eye for beauty.

### Book match

Two pieces of wood planks or veneer sheets with similar surface patterns are arranged side by side to look like a book opened, which makes surface patterns look more dynamic by grains running symmetrically.

# YUKAR

The name YUKAR LUX, meaning “epic poetry” in the Ainu language, denotes our respect and gratitude toward the nature of Hokkaido. This living-room furniture collection was designed in a way to enhance the natural beauty of Hokkaido oak. The beauty essence of this collection is drawn out by the ultimate balance of the curved lines and surfaces of the sofas with a unique sitting comfort and functional tables with a wooden texture.

The collection was developed under the concept of “sofa for those living in high-rise apartments in urban areas”, and started off by making sofas in a width of 2000 mm to fit the elevators and doors of such apartments. The armrests were designed to turn inward, which emphasized the horizontal line in design, and led to creating a sofa of a compact size with a roomy sitting comfort. By employing this sofa in combination with the armchair, you can create a more relaxing and cozy living room.

● **Sofa • Armchair**

Due to the arms which are not thick and expanding inward, the sofa looks wider than the actual size. Lining up the sofas or armchairs side by side makes a big sofa set with a side table.

● **Table**

The living table in two sizes different in diameter and height. The smooth outline running from the top board to each leg stands out more because of its simple design overall.
